

# 2010 Voter's Guide

## ISRA FED-PAC and ISRA Political Victory Fund

With Election Day drawing near, it is very important that Illinois firearm owners learn which candidates will stand up for our constitutional right to own and use the firearms of our choosing. This Election Guide lists the candidates in key state and federal races who will best able to help preserve and protect your gun rights and outdoor sporting heritage.

ISRA Fed Pac and ISRA Political Victory Fund endorsements and preferences are based on candidates' voting records, campaign literature, and public statements regarding the right to keep and bear arms. If you do not see your particular legislative district listed in this guide, it means either that the race is not being contested this election cycle, or that we have determined that no suitable candidates are running for that particular seat. In such cases, you should contact the candidates running for office in your district, tell them that you are a law-abiding firearm owner and that you wish to know where they stand on the issues important to you, including concealed carry. Use this information to help you make an informed choice on Election Day.

Please remember to vote this Election Day and support the ISRA Fed Pac and ISRA-PVF endorsed and preferred candidates. Remember, remaining active in the political system is the best way for you to help preserve your gun rights and to help ensure that future generations of law-abiding citizens will be able to do so as well.
